Onestop ios

More to be added...

New sac room booking portal

SWC Covid19

Disclaimer

Framework being used depends on the proportion of developers in campus.
You will be allotted projects randomly based on your selected framework in the first task.
Teams will be allotted project in Components to be completed in respective deadlines.
You will receive an email regarding your project and link to discord community after your first contribution.
You can think of new projects and we are always ready to take up your suggestions.
We will be hosting watch partys, team discussions to keep this extended lockdown engaging.
SWC will give its best to provide the Most Interactive learning experience for you

Thanks and Regards

Team SWC
